WHY SCREEN GOLF?

GENTLE SPORTS

Golf has long been known as a gentleman's sport. This sport even has its very own rules of etiquette. Despite the common assumption that these rules of golf etiquette are all about maintaining the gentlemanly state of the game for the most part, they each have practical purposes.

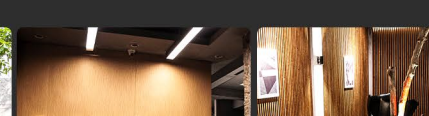

INDOOR SPORTS

Screen golf is enjoyable indoor family sports activity for family. Children can learn about sportsmanship, manners, also how to win a game with a lot of fun with screen golf programs like a video game. It makes family members get inspired.

SCREEN GOLF STUDIO TREND

MODERN CALM DESIGN

After the walls of world culture have been torn down by Internet contents, the level of customer expectations is increasing fast. In order to face these expectations, the business philosophy of entrepreneurs must also keep pace with the changes.

Our business items have the advantage of appealing to all potential customers with the latest culture-leading interior design concepts.
